

Title: **ATEX DIRECTIVE 2014/34/EU - DECLARATION OF CONFORMITY - Non Electrical**

The non-electrical rotary actuator range of products manufactured by Kinetrol, as listed below, conform to the requirements of the ATEX Directives 2014/34/EU. Other applicable directive: 06/42/EC

Equipment Group: II (Non-mining). Explosive Gas and Dust Atmospheres (GD), and EPL Ga & Da.

Quality Assurance Notification No. SIRA 02 ATEX M166.

Actuators & Spring Units - ATEX Category 1 - Certificate No. BASEEFA03ATEX0443X/2.

*** Denotes actuator size & thread option. Refer to Kinetrol catalogue for full size range details.

- All spring options can be 020, 030, 080 or 090 depending on direction of wind of spring or mounting flange option.
- Kinetrol valve mounting brackets and couplings are included to Category 1.

Category 1 Equipment Complies with Directive 2014/34/EU standards used for compliance: EN ISO 80079-36:2016, EN ISO 80079-37:2016

R.C.Chapman, Engineering Manager For & on behalf of Kinetrol Ltd.
