EUDR Declaration

Declaration

Kinetrol Ltd. hereby declares that:

- **No materials covered by the EU Deforestation Regulation (EUDR)** are used in the manufacture of our products.
- **Cork components** used in gaskets are derived exclusively from the *outer bark of Cork Oak trees (Quercus suber)*, a renewable and sustainable resource. Cork harvesting does not involve deforestation or the use of wood.
- **Rubber components** are manufactured from **synthetic elastomers**, specifically **Nitrile Butadiene Rubber (NBR)** and **Fluoroelastomer (FKM)**, which are petroleum-derived and not subject to EUDR restrictions.
- **Wood and wood-derived materials** are used **solely in product packaging**. These packaging materials are sourced responsibly and do not form part of the functional product components.

Compliance Statement

This declaration is issued to confirm that Kinetrol Ltd. products are **fully compliant with the requirements of the EU Deforestation Regulation (EUDR)**. Our material sourcing and production processes are designed to ensure that no regulated commodities (such as cattle, cocoa, coffee, palm oil, soy, or timber used in product manufacture) are present in our supply chain.
