Issue A1

Effective from: 29th August 2026

Statement of Compliance

California Proposition 65 & U.S. Toxic Substances Control Act (TSCA)

**Kinetrol Ltd. – Statement of Compliance for All
Standard Products** (Actuators, Dashpots, Positioners,
Switchboxes, Solenoid Valves, Mounting Accessories)

1. Scope

This declaration applies to all Kinetrol pneumatic rotary actuators, dashpots, springs and associated control accessories manufactured and supplied by Kinetrol Ltd., including all standard catalogue products and typical customer-specified configurations.

2. California Proposition 65 (Safe Drinking Water and Toxic Enforcement Act of 1986)

Based on information available from our suppliers, internal material reviews, and reasonable testing/analysis of components typically used in Kinetrol products:

- **Kinetrol does not intentionally add any chemicals listed under Proposition 65** to its products.
- **No component is known to contain Proposition 65 listed substances in quantities that would result in exposure requiring a warning**, under the current regulations and guidance issued by the California Office of Environmental Health Hazard Assessment (OEHHA).
- Kinetrol products are industrial pneumatic devices with no reasonably foreseeable consumer exposure pathways (no skin-contact surfaces, no ingestion/inhalation routes, no emissions during normal use).
- If future supplier disclosures or regulatory updates identify any listed substances requiring notification, **Kinetrol will update this declaration accordingly.**

3. U.S. Toxic Substances Control Act (TSCA)

Kinetrol confirms the following with respect to TSCA requirements:

- All chemical substances used in Kinetrol products are **listed on the TSCA Inventory** or are otherwise exempt from listing.
- Kinetrol products **do not contain substances subject to TSCA Section 6(a) restrictions**, including but not limited to:
 - PBT chemicals (e.g., decaBDE, PCTP, HCBd, etc.)
 - Certain long-chain PFAS restrictions
 - Asbestos-containing materials
- Kinetrol products are **not articles requiring TSCA Section 8(a) reporting**, and do not contain substances subject to Section 8(d) record-keeping requirements beyond standard supplier declarations.
- Kinetrol does not manufacture or import chemical substances and therefore is **not subject to TSCA PMN (Premanufacture Notification)** obligations.
- Kinetrol maintains supplier declarations and material disclosures to ensure ongoing compliance with TSCA inventory and restriction updates.

4. Summary

Based on supplier information, internal assessments, and current regulatory requirements, **Kinetrol Ltd. declares that its products comply with California Proposition 65 and the U.S. Toxic Substances Control Act (TSCA)** as of the date of this statement.

Kinetrol will continue to monitor regulatory changes and update this declaration if new obligations arise.
